

Competitor Information -Domain Hillclimb 2022

Competitor Vehicle Access

Competitors should access the start assembly area via the Joggers Loop by entering about a few hundred metres down the road from the crossroads. -Refer to map below. This loop will also be used by all competitors after each run to return to the start assembly area.

Please do not drive or park on the pine bark jogging track!

Last year we had to reimburse Hobart City Council for repairs to the track after one or two cars drove onto the pine bark, presumably to avoid pedestrians or dog walkers. Because the ground was saturated after heavy rains this caused damage to the sub base which couldn't be rectified by raking the pine bark.

If you come across dog walkers or joggers please slow down or stop until they pass. We do not want to give any cause for refusal of our hillclimb next year!

If you bring your car on a trailer please ensure that the trailer is parked legally. The Police have booked trailers parked over multiple marked car park spaces on a previous event..

20th Anniversary Celebration

As this is the twentieth running of the CMI Domain Hillclimb we will be holding an after event celebration and prize giving nearby in the Glebe. This will be free to all competitors and officials.

The Celebration will start immediately after we have packed up the hillclimb, so lend a hand by helping roll up the barrier tape and returning traffic cones and signs to the start area.

The address will be provided to competitors and officials by email.
