Organisers reserve the right to refuse to accept a nominated time if they deem it unreasonable. In such a case, the competitor will be required to nominate an alternative time that is acceptable to the organisers.

For each hillclimb run on which the competitor records an elapsed time less than his/her nominated time, a penalty of two points per second of the difference between the recorded time and the nominated time shall apply, and for each run greater than the nominated time a penalty of one point per second shall apply for the difference between the recorded time and the nominated time.

The winner is the competitor who has completed the required number of hillclimb runs and has accrued the least penalty points.

Once the competitor has completed the required number of runs no further scoring of that competitor shall apply.

Maximum Average Speed

The organisers nominated MAXIMUM AVERAGE SPEED for each run shall be **80 km/h** - This equates to a Hillclimb run time of **1min 25 sec.**

Times less than this will be deemed to be exceeding the MAXIMUM AVERAGE SPEED.

After the first practice run the Clerk of Course reserves the right to vary the MAXIMUM AVERAGE SPEED with the Stewards' approval, to best suit the weather and road conditions at the time.

Any competitor who records a run time faster than the MAXIMUM AVERAGE SPEED will be excluded from the event, subject to the Stewards' determination.

Minimum Speed

Except where required by road conditions or other extenuating circumstances, competitors are also required to maintain a minimum speed of 30 km/h while in competition.
