A Competitor involved in an incident resulting in property damage is advised they may be required to pay the Clubs insurance excess of up to the first \$5,000 of any claim to rectify such property damage.

E- Timing and Scoring – Regularity

Within 10 minutes of the first timed run, each competitor will nominate a designated target time for their further timed runs.

Organisers reserve the right to refuse to accept a nominated time if they deem it unreasonable. In such a case, the competitor will be required to nominate an alternative time that is acceptable to the organisers.

For each hillclimb run on which the competitor records an elapsed time less than his/her nominated time, a penalty of two points per second of the difference between the recorded time and the nominated time shall apply, and for each run time greater than the nominated time a penalty of one point per second shall apply for the difference between the recorded time and the nominated time.

The winner is the competitor who has completed the required number of hillclimb runs and has accrued the least penalty points.

Once the competitor has completed the required number of runs no further scoring of that competitor shall apply.

The “*required number of runs*” will be determined by the Clerk of Course after consultation with the scorers and Stewards and take into consideration the likely number of runs achievable by the majority of competitors in the time available.

E1- Maximum Average Speed

The organisers nominated MAXIMUM AVERAGE SPEED for each run shall be **80 km/h** - This equates to a Hill-climb run time of **1min 25 sec.**

Times less than this will be deemed to be exceeding the MAXIMUM AVERAGE SPEED.

After the first practice run the Clerk of Course reserves the right to vary the MAXIMUM AVERAGE SPEED with the Stewards' approval, to best suit the weather and road conditions at the time.

Any competitor who records a run time faster than the MAXIMUM AVERAGE SPEED will be excluded from the event, subject to the Stewards' determination.

E2- Minimum Speed

Except where required by road conditions or other extenuating circumstances, competitors are also required to maintain a minimum speed of 30 km/h while in competition.

The organisers reserve the right to apply a penalty of one point per second where the vehicle is seen to be below this speed, as estimated by a course official.

E3- Competitor Requirements and Prior Experience

Competitors will be required to produce a Motorsport Australia Speed Licence (S) or Speed Junior (SJ) as a minimum, together with proof of current membership of a Motorsport Australia-affiliated car club.

Where requested, competitors must be able to demonstrate to the organisers proof of prior experience at successfully competing in club level speed events as a minimum.

The organisers have the right to refuse entry to those without sufficient demonstrated prior experience.

Drivers must hold a valid driving license in order to return to the start location via a public road.

E4- Driving Standards

Competitors are required to reduce speed after crossing the finish line and to not exceed the speed limit when continuing up to the Stop Point at the Lookout, as well as during their return to the Start.

Hitting or dislodging a marker cone in the chicane after the finish line will incur a time penalty of 5 seconds for a first offence and exclusion for a subsequent offence, subject to the Stewards determination.

E5- Timing:

Timing will be electronically triggered by the competing vehicle .. The Chief Timekeeper is deemed Judge of Fact.

F- Awards:

Trophies will be presented to the following;

- First place-
- Second place
- Third place
- First Classic Sports Car
- First Italian car
